

# Achieving Literacy for Life

**Wilson Works!** By employing Wilson's evidence-based instructional models, school districts, reading centers, and tutors can put together a powerful literacy action plan or sustainability plan that meets rigorous college- and career-readiness standards, including Common Core State Standards, to close the reading gap for struggling students or build a solid foundation for beginning learners.

<p><b>Why wait until there is a gap before we systematically teach them to read and spell?</b> Wilson Foundations® is designed to reduce the number of children who later need intervention by giving all kids a solid foundation. A 30-minute Foundations lesson ensures that the critical skills for reading and spelling are taught daily.</p> <p><b>STUDENT FOCUS</b> All K-3 students</p> <p><b>LESSON LENGTH</b> 30 minutes daily</p> <p><b>GROUP SIZE</b> Whole class</p> <p><b>SETTING</b> General education classroom</p> <p><b>INSTRUCTOR</b> General education teacher</p> <p><b>PROFESSIONAL LEARNING AND SUPPORT</b> Wilson Academy® / Prevention Learning Community (online) Program workshops Coaching days Facilitator and Presenter Certification Sustainability plans</p> <p><b>SUPPLEMENTAL MATERIALS</b> Pre-K Activity Set</p>	<p><b>What can we do to help struggling, beginning readers before they fall behind?</b> Wilson Foundations is the type of instruction research calls for when the core reading program is just not enough.
